

## **Instructional Preparation and Delivery, Part 2**

### **1 day training**

**Synopsis:** This professional development is to aid coaches and teachers in the further developing the systematic stages of lesson preparation for core and intervention programs. Participants will work side-by-side with Byrne & Associates consultant in order to improve lesson planning and delivery.

**Target Audience:** Principals, Instructional Coaches, and Classroom teachers

**Goals:**

1. Reflect on homework from last session.
2. Enhance use of analytical, systematic approach to preparation to teach.
3. Co-plan to practice structures for instructional preparation.
4. Practice delivery in small groups with structured feedback.

**Outcomes:**

- Review facets of instructional preparation: pedagogy, student characteristics, scaffolded standards, fidelity, and data as a framework for planning.
- Troubleshoot the processes of delivery and problem-solving.
- In-session coaching to demonstrate delivery techniques and to provide teacher practice opportunities.
- Identification of next steps for coaching and leadership support.
- Plan for supporting implementation within coaching cycle at home school.

**Cost:**

The fee for this training package is \$2500. Including travel expenses.
